The General Stud book.

PREFACE

TO THE FIRST EDITION.

The Author of the following pages, with a view to correct the then encreasing evil of false and inaccurate Pedigrees, was, in the year 1791, prevailed upon to publish

"*An Introduction to a General Stud-Book*,"

consisting of a small collection of Pedigrees which he had extracted from Racing Calendars and Sale Papers, and arranged on a new plan.

By the kind patronage and assistance of the principal Breeders and other Noblemen and Gentlemen of the Turf, it has grown into a bulky volume, which is now offered to the Subscribers and the Public, not as a *universal* Stud-Book, nor as perfectly free from error, but with a confident hope that it will be found to contain, in the most concise and most approved form, a greater mass of authentic information respecting the Pedigrees of Horses, than has ever before been collected together.

March 25, 1808.

ADVERTISEMENT.

Exclusive of a few corrections, the difference between this and the former Editions consists in the omission of the List of Subscribers and of such Brood Mares as are given complete in the second volume; by thus reducing its bulk, the Editors are enabled to sell the book at a somewhat lower price.

September 1827.

THE

GENERAL STUD BOOK.

Explanation.—To find the pedigree of any horse, refer to his name in the Index; for example:—

Pontac - - - Page 1.

In this page it appears that *Pontac* belonged to Sir L. Dundas, that he was foaled in the year 1772, was got by Marske, out of A-la-grecque, by Regulus, her dam by Allworthy, etc. etc.

To find his performances on the Turf, refer to his owner's name in the Indexes to the Racing Calendars, when Pontac was 4 years old, and upwards. Horses of the present day commence running at 3, and some at 2 years old.

BROOD MARES, WITH THEIR PRODUCE.

A-LA-GRECQUE,

This mare was barren in 1775, 1777, and 1779, and died in the spring of 1781; Highflyer's only sister dislocated her hip, in running at Nottingham in 1783, and died in two hours.

*** Highflyer never paid forfeit, and was never beaten. The author is induced to deviate thus far from his general plan, at the request of an old sportsman, from whom he learns that many bets have been made on this fact, owing to an error in the Index to the Racing Calendar for 1777, wherein Highflyer is confounded with a colt of the same age, got by Herod, out of Marotte. —Highflyer was bred by Sir Charles Bunbury.

N. B. *Mark Anthony*, *Conductor*, *Pyrrhus*, and *Pantaloon*, were all of a year, and all the first foals of their respective dams.

It has often been asserted that the above Tartar Mare foaled Queen Mab at the age of 36, but we are of opinion that this is rendered more than doubtful by the circumstances of Tartar's having been in training in 1748 and 1749, and of there being no record of any other of his get foaled so early by several years, or of his having covered before he was finally put out of training.

FOURTH PART.

ARABIANS, BARBS, AND TURKS.

KING JAMES THE FIRST bought an Arabian of Mr Markham, a merchant, for 500gs, said (but with little probability) to have been the first of that breed ever seen in England. The Duke of Newcastle says, in his Treatise on Horsemanship, that he had seen the above Arabian, and describes him as a small Bay Horse, and not of very excellent shape.

The HELMSLEY TURK was the property of the Duke of Buckingham, and got Bustler, etc.

PLACE'S WHITE TURK was the property of Mr Place, studmaster to Oliver Cromwell, when Protector, and was sire of Wormwood, Commoner, and the great grandams of Wyndham, Grey Ramsden, and Cartouch.

ROYAL MARES. King Charles the Second sent abroad the Master of the Horse, to procure a number of foreign horses and mares for breeding, and the mares brought over by him (as also many of their produce) have since been called Royal Mares.

DODSWORTH, though foaled in England, was a natural Barb. His dam a Barb mare, was imported in the time of Charles the Second, and was called a Royal Mare. She was sold by the studmaster, after the King's death, for 40gs, at twenty years old, when in foal (by the Helmsley Turk) with Vixen, dam of the Old Child mare.

The STRADLING or LISTER TURK was brought into England by the Duke of Berwick, from the siege of Buda, in the reign of James the Second. He got Snake, the Duke of Kingston's Brisk, and Piping Peg, Coneyskins, the dam of Hip, and the grandam of the Bolton Sweepstakes.

The BYERLY TURK was Captain Byerly's charger in Ireland, in King William's wars (1689, etc.) He did not cover many bred mares, but was the sire of the Duke of Kingston's Sprite, who was thought nearly as good as Leedes; the Duke of Rutland's Black Hearty and Archer, the Duke of Devonshire's Basto, Lord Bristol's Grasshopper, and Lord Godolphin's Byerly Gelding, all in good forms; Halloway's Jigg, a middling horse; and Knightley's mare, in a very good form.

GREYHOUND. The cover for this foal was in Barbary, after which both his sire and dam were purchased, and brought into England by Mr Marshall. He was got by King William's White Barb, *Chillaby*, out of Slugey, a natural Barb mare. Greyhound got the Duke of Wharton's Othello, said to have beat Chanter easily in a trial, giving him a stone, but who falling lame ran only one match in public, against a bad horse; he also got Panton's Whitefoot, a very good horse; Osmyn, a very fleet horse, and in good form for his size; the Duke of Wharton's Rake, a middling horse; Lord Halifax's Sampson, Goliah, and Favourite, pretty good 12 stone Plate horses; Desdemona, and other good mares; and several ordinary Plate horses, who ran in the North, where he was a common stallion, and covered many of the best mares.

The D'ARCY WHITE TURK was the sire of Old Hautboy, Grey Royal, Cannon, etc.

The D'ARCY YELLOW TURK was the sire of Spanker, Brimmer, and the great great grandam of Cartouch.

The MARSHALL, or SELABY TURK, was the property of Mr Marshall's brother, stud-master to King William, Queen Anne, and King George the First. He got the Curwen Old Spot, the dam of Windham, the dam of the Derby Ticklepitcher, and great grandam of the Bolton Sloven and Fearnought.

CURWEN'S BAY BARB was a present to Lewis the Fourteenth, from Muly Ishmael, King of Morocco, and was brought into England by Mr Curwen, who, being in France when Count Byram, and Count Thoulouse (two natural sons of Lewis the Fourteenth)

were, the former, Master of the Horse, and the latter, an Admiral, he procured of them two Barb Horses, both of which proved excellent stallions, and are well known by the names of the *Curwen Bay Barb*, and the *Thoulouse Barb*. Curwen's Bay Barb got Mixbury and Tantivy, both very high-formed galloways, the first of them was only thirteen hands two inches high, and yet there were not more than two horses of his time that could beat him, at light weights; Brocklesby, Little George, Yellow Jack, Bay Jack, Monkey, Dangerfield, Hip, Peacock, and Flatface, the first two in good forms, the rest middling; two Mixburys, full brothers to the first Mixbury, middling galloways; Long Meg, Brocklesby Betty, and Creeping Molly, extraordinary high-formed mares; Whiteneck, Mistake, Sparkler, and Lightfoot, very good mares, and several middling galloways, who ran for plates in the North. He got two full sisters to Mixbury, one of which bred Partner, Little Scar, Sorcheels, and the dam of Crab; the other was the dam of Quiet, Silver Eye, and Hazard. He did not cover many mares except Mr Curwen's and Mr Pelham's.

The THOULOUSE BARB became afterwards the property of Sir J. Parsons, and was the sire of Bagpiper, Blacklegs, Mr Panton's Molly, and the dam of Cinnamon.

DARLEY'S ARABIAN was brought over by a brother of Mr Darley, of Yorkshire, who being an agent in merchandize abroad, became member of a hunting club, by which means he acquired interest to procure this horse. He was sire of Childers, and also got Almanzor, a very good horse; a white-legged horse of the Duke of Somerset's full brother to Almanzor, and thought to be as good, but, meeting with an accident, he never ran in public; Cupid and Brisk, good horses; Dædalus, a very fleet horse; Dart, Skipjack, Manica, and Aleppo, good Plate horses, though out of bad mares; Lord Lonsdale's mare in very good form, and Lord Tracy's mare in a good one for Plates. He covered very few mares except Mr Darley's, who had very few well bred besides Almanzor's dam.

SIR J. WILLIAMS'S TURK (more frequently called the HONYWOOD ARABIAN) got Mr Honywood's two True Blues: the elder of them was the best Plate horse in England, for four or five years; the younger was in a very high form, and got the Rumford Gelding, and Lord Onslow's Grey Horse, middling horses, out of road mares. It is not known that this Turk covered any bred mares except the dam of the two True Blues.

The BELGRADE TURK was taken at the siege of Belgrade, by

General Merci, and sent by him to the Prince de Craon, from whom he was a present to the Prince of Lorraine; he was afterwards purchased by Sir Marmaduke Wyvill, and died in his possession about 1740.

Of BLOODY BUTTOCKS, nothing further can be traced from the papers of the late Mr Crofts, than that he was a Grey Arabian, with a red mark on his hip, from whence he derived his name.

CROFTS' BAY BARB was got by Chillaby, out of the Moonah Barb mare.

The GODOLPHIN ARABIAN was a brown bay, about fifteen hands high, with some white on the off heel behind; there is a picture of him and his favourite Cat in the library at Gog Magog, in Cambridgeshire, at which place he died, in the possession of Lord Godolphin, in 1753, being then supposed to be in his twenty-ninth year.

Whether he was an Arabian or a Barb is a point disputed (his portrait would rather lead to the latter supposition) but his excellence as a stallion is generally admitted. In 1731, then the property of Mr Coke, he was Teazer to Hobgoblin, who refusing to cover Roxana, she was put to the Arabian, and from that cover produced *Lath*, the first of his get. It is remarkable that there is not a *superior* horse now on the Turf, without a cross of the Godolphin Arabian, neither has there been for many years past.

There is an original Portrait of this horse in Lord Cholmondeley's collection at Houghton; on comparing which with Mr Stubbs's print of him, it will be seen that the disproportionately small limbs, as represented in the latter, do not accord with the painting.

The CULLEN ARABIAN was brought over by Mr Mosco, and was sire of Mr Warren's Camillus, Lord Orford's Matron, Mr Gorges's Sour Face, the dam of Regulator, etc. etc.

The COOMB ARABIAN (sometimes called the *Pigot Arabian*, and sometimes the *Bolingbroke Grey Arabian*) was sire of Methodist, the dam of Crop, etc. etc.

The COMPTON BARB, more commonly called the *Sedley Arabian*, was sire of Coquette, Greyling, etc.

The VERNON ARABIAN was a small Chestnut horse. He

covered at Highflyer Hall, and was the sire of Alert, etc.—Alert had good speed for a short distance.

The WELLESLEY GREY and CHESNUT ARABIANS (so called) were brought from the East, but evidently not Arabians—the former was a horse of good shape, with the size and substance of an English hunter.
